Window details

Dimensions required definitions:
A - Under the head onto cill (sash run)
B - Height of upper sash excluding horns (if fitted)
C - Height of lower sash
D - From top of sash to balanced fixing position (arch top only)
W - Width of sashes

Note: Sash weights are based on 50mm square profile in softwood unless otherwise stated. For accuracy it is preferable that you provide a fully glazed sash weight.

We cannot accept responsibility for goods supplied incorrectly if accurate sash weights have not been provided.

This order is accepted under our current 'Terms & Conditions of sale' copies available upon request.
